## **A Limited Time Offer from Faith With Works Publishing Company**

Faith With Works Publishing Company produces and distributes literature, CD's, and DVD's to the recovery community. To date more than 500,000 lives have been positively affected as the result of our efforts. We are most appreciative of your support throughout the years with your purchase of our books, meeting leader guides, and recordings, and your gifts to help us with our lifesaving activities.

We have no full time staff or employees. Our "world headquarters" is Wally P's garage. We operate with part time help and volunteers to fill orders, keep the books, and maintain a website.

Wally receives no income from the sale of any materials he has authored or created. He considers this to be his "twelfth step" work for which he cannot be paid.

Even with our minimal "overhead," our costs exceed our income. In order to continue to keep "the doors open and the lights on," we are in need of additional contributions.

We are asking you to partner with us any way you can, either by making a donation or by forwarding this appeal to someone you believe might be in a position to help. It's a great way to give back to a movement that has meant so much to so many.

A question asked during the early days was, "Won't money spoil this thing?" Let us assure you we are in need of just enough money to stay alive—and no more.

You can donate by sending a check to FWWPCO at P. O. Box 91648, Tucson, AZ 85752 or by using your credit card on our website at [www.aabacktobasics.org](http://www.aabacktobasics.org). We thank you for giving this appeal your utmost consideration.

Yours in service,

Shawn Scott
